

The Role of Education and Movements

OBJECTIVES

1. Discuss where to find out more about nuclear weapons
2. Critique the importance of education to the nuclear non-proliferation movement

DISCUSSION QUESTIONS

1. What do you currently know about nuclear weapons?
2. How can more people be educated on the current status and damages of nuclear weapons?
3. How can ordinary citizens help reduce the threat of a nuclear weapon being used?

ACTIVITIES

1. Browse resources to further educate yourself on the topic of nuclear weapons
2. Initiate conversations with friends and family about nuclear weapons
3. Research where your elected officials stand on issues relates to nuclear non-proliferation.
